Salters	5:35 p.m.		Eichenholtz	5:30 p.m.	

Motion to open public comments at 5:32 p.m.

Motion: Harbin Second: Worrill

Motion carried. Unanimous voice vote.

Public Comments – Agenda Items Only

Good Evening

Angela Lawler

The HEA and I would like to congratulate the Hillside Board of Ed members for the new ELA curriculum on the agenda tonight. This will make the job of the teaching staff much easier in September if the motion on the agenda is passed this evening. In the past staff were not given ample time to review and digest the new curriculum, so this is refreshing. Over the last several months staff have been working diligently to move our students forward, even though they have been thrown a curve with Covid-19. I understand there is a virtual component to this curriculum which which help immensely since we do not know what September will bring. Again Thank You for being a forward thinker!

Kimley Davis

I am an administrator in the district, and I am going through training this week. As a new administrator, I thought that the training we were receiving was normal. I mentioned to someone that we are lucky to have this every year. I was advised that this is the first time that they received this type of training. The emotions that everyone has expressed this week have been excitement, rejuvenation, hopefulness and eagerness. These positive feelings are due to

Mr. Gregory. His leadership and vision has reinvigorated the administrators and teachers in the district. He has been the first superintendent, in my career in Hillside, that has a clear vision and a plan to carry it forward. I believe in his vision and will work hard to carry it out. I look forward to taking part in his plan and seeing the positive progression of the district.

Eugenia Cooley

I am currently an ELA teacher in the district and also an active board member with the New Jersey Literacy Association (NJLA). My desire is to address the implementation of Amplify to our K-8 curricular program. My work with NJLA allows me, as a reading specialist, to interact with educators throughout the state, discuss programs that work for teachers, and engage in curriculum writing projects throughout the year. A common topic from various districts has been the frustration with programs that do not readily lend themselves to remote learning, in a way that is engaging. As teachers, we find ways to make any program work for our students but, our remote learning experience revealed a need for more. As we do not know what the future will hold and if we will find ourselves in the virtual classrooms within our homes again, we need a program that will suit all needs. Yes, we will continue to find ways to make Benchmark Advance engaging and interactive by utilizing other supplemented platforms, if we have to.

The features that Amplify offers will provide a one-stop shop for all teaching and learning styles within the traditional learning setting but, especially in the virtual environment. The assessment component allows for immediate feedback to students, differentiated instruction and activities, and very timely data. What really appeals to me most, is the engaging activities that students can participate in either synchronously or asynchronously.

Thank you for considering a program that will provide the necessary resources to move our students forward no matter what the learning environment.

Motion to close public comments at 5:35 p.m.

Motion: Howard Second: Best

Motion carried. Unanimous voice vote.

EDUCATION- Worrill/Howard

1. Motion to accept the recommendation of the Acting Superintendent of Schools and approve Amplify to provide and implement ELA curriculum k-8 at a cost of \$115,000 to be paid from the 20-21 budget (may include Title funds) and the balance of \$115,000 will be paid from 21-22 (may include payment from Title funds).
